</tbody>
</table>

Measured in microns, per flap. i.e. 2 x 125 = 250 micron total thickness. Whichever thickness of pouch you select your document will be perfectly laminated. The lower the micron selected the more flexible the finished laminated document. The higher the micron the more rigid. As a general rule the more frequently that your document will be handled the higher the thickness of pouch you should select.

LEAN BACK IN THE COMFORT OF SUCCESS

Comfortable, well-supported employees are productive ones. Our wide range of furniture supports your business on its journey towards success.
From the corner office, to the little office in the corner.

When it comes to business solutions, Bidvest Waltons is your partner in success. Our knowledge of growing business needs continues to make us the office furniture partner of choice, offering expert design, handling, delivery and installation. The majority of our furniture is custom-made exclusively for Bidvest Waltons and our national team of salespeople is on hand to offer you expert advice to find the best solution for your unique office needs.

Whether your furniture is custom or standard design, our professional consultants can assist with space planning and design-related aspects, wherever you are in SA. We offer a five-year factory guarantee on faulty workmanship on all locally manufactured products. All chair mechanisms carry the manufacturers’ guarantee, while imported ranges carry a one-year guarantee. Bidvest Waltons is dedicated to providing unmatched customer experiences and solutions.

Contact your nearest branch, or visit https://www.waltons.co.za/Office-Furniture and complete the online form, to arrange for one of our furniture specialists to deliver a copy of our latest Office Furniture Catalogue to your door.
Waltons is a one-stop shop for all your education requirements. We offer an all-encompassing office and scholastic supply of the highest quality products to a number of schools and higher education facilities. It does not matter whether you want to equip your child for the academic year, or whether you are equipping your school, teachers or staff – we have what you need.

Our comprehensive range of stock includes stationery, computers, printers, supplies and filing, as well as furniture and a range of catering & hygiene products. Such a wide spectrum of offerings allows us to give YOU, the customer, what you want. We also help schools and higher education facilities cater for bulk stationery needs, supplying anything from stationery or whiteboards to notebooks and art supplies.

Our wide range of stock is available from our back to school departments, or from over 76 branches located across South Africa.

Waltons’ experienced sales staff are available to visit your educational facility throughout the year, and can assist with pricing on listed lines as well as your school’s unique requirements. At the end or beginning of each year, when many schools need to order bulk quantities of exercise books, art supplies and scholars’ stationery, Waltons provides a complete solution, allowing schools to place a single bulk order for all their supplies.

As a MySchool partner, Waltons also contributes a percentage of sales towards your selected school or charitable organisation. Thanks to the wonderful support of parents and schools alike, Waltons is also able to sponsor various community upliftment programmes, and help sustain valuable educational programmes.

Our Back2School solution provides students, parents, teachers and administrators at participating schools with a simple and efficient ordering system for all their stationery requirements. The solution makes ordering stationery quick and easy thanks to our Back2School catalogue, which is compiled annually based on years of experience and feedback from teachers from across the country. The catalogue comes with order forms, allowing students and teachers to select their individual stationery requirements and utilise one of our convenient payment options.

Teachers and administrators are also able to tailor-make their classes’ requirement lists so that they tie in with the Waltons catalogue products.

Waltons contributes a percentage of the sales generated through the Back2School orders to the participating school. This is Waltons’ way of thanking the school for communicating with parents, and collecting and distributing the orders.

For parents, teachers, administrators and the general public who have not yet joined the Back2School programme, or for a more convenient option of buying stationery, the Waltons website lets you order and pay via credit card and debit card. The full range of Back2School catalogue products is available, and you can choose to collect your order at your choice of Waltons retail store or have it delivered for a nominal charge.

Waltons has over 60 retail stores conveniently located throughout SA, offering both cash and account purchasing options, not only for the Back2School catalogue ranges, but also everything else you may need for your classroom, home office or for your own private use.

See it all on your big screen
Share what’s on your tablet, laptop, or smartphone on an HDTV or monitor with Microsoft Wireless Display Adapter. Stream movies, view personal photos, or display a presentation on a big screen – all wirelessly.

Modernize your meetings
Project your ideas and collaborate in real time by plugging the Microsoft Wireless Display Adapter into a conference room projector or monitor. You can even ink in PowerPoint to emphasize a point and make that big screen your collective workspace.

Miracast® Technology
The Wireless Display Adapter uses Miracast® technology, so you’re not limited to certain apps or content streaming; you can display everything from your device on an HDTV or monitor.

Universal Mobile Keyboard
Designed for iPad®, iPhone®, Android® devices, and Windows tablets. Easily switch between devices.

One keyboard. For your smartphone and tablet.
With the Universal Mobile Keyboard, getting stuff done while you’re on the go has never been easier. Work on your smartphone or tablet - the Universal Mobile Keyboard was designed to work with iPad®, iPhone®, Android® devices, and Windows tablets. Pair up to 3 devices with different operating systems and easily switch between them. It was built with portability in mind, with its protective cover, rechargeable battery, easy-on/easy-off feature, and integrated stand for your smartphone or tablet.
